Due date is the deadline for your hand-in. You will be able to submit the assignment even after the deadline but it will be marked as late and your teacher might choose to disregard it. Write an essay (minimum 1000 words) about french litterature during the 17th century. Pick three authors and analyse their impact on french culture.

You have two options when submitting your assignment.

- “Text Submission” means that you can type text in the text editor (browser).
- “Attach files” means that you can attach various files and text documents. This might be a good option since you will have your own copy if you need to re-upload it later.

“Add comments” gives you the option to send additional comments to the teacher.

You can also choose to continue the assignment submission later by clicking “Save Draft”.

This will store your uploaded attachment and/or text until you press “Submit”.

The screenshot shows the 'ASSIGNMENT SUBMISSION' interface. It is divided into three main sections: 'Text Submission', 'Attach Files', and 'ADD COMMENTS'.
1. **Text Submission:** Features a 'Write Submission' button.
2. **Attach Files:** Enclosed in a dashed box, it includes an 'Attach Files' label and two buttons: 'Browse My Computer' and 'Browse Course'.
3. **ADD COMMENTS:** Contains a 'Comments' section with a text area, a 'Character count 0' indicator, and a small icon on the left.
At the bottom, there is a paragraph of instructions: 'When finished, make sure that you click **Submit**. Optionally, click **Save as Draft** to save changes and continue working later or click **Cancel** to quit without saving changes. You are previewing the assignment - your submission will not be saved.' Below this text are three buttons: 'Cancel', 'Save Draft', and 'Submit'.

Learn blir högskolans nya lärplattform
08 dec 2016 12:00

För ett drygt halvt år sedan blev det beslutat att Högskolan Dalarna skulle genomföra en upphandling för att välja vår framtida lärplattform. Tack vare enkäter, intervjuer och en god hjälp från eÖU-initiativets referensgrupp så kunde vi i september annonsera vår upphandling. Denna upphandling ledde fram till att Högskolan Dalarna för två veckor sedan idag beslutade att Blackboard var den leverantör som bäst uppfyllde våra krav. Sedan dess har vi väntat i den lagstadgade 10-dagarsperioden som övriga leverantörer har på sig att överklaga tilldelningsbeslutet. Efter den perioden kan vi konstatera att ingen överklagan har lämnats in och vi kan gå vidare med Learn. Därmed är en betydande milstolpe nådd i arbetet med en ny lärplattform för högskolan.

Nu närmast väntar avtalskrivning och gemensam projektpänering med Blackboard. Det kommer finnas olika sätt att involveras i införandet av den nya lärplattformen och vi ser gärna konstruktiv respons och synpunkter från er för att på så sätt göra införandet och användningen av den nya plattformen så bra som möjligt. Planeringen kan förändras, dels som ett resultat av samtalerna med Blackboard och dels efter samtal med akademichefarna. Vi kommer att återkomma med mer information inom kort, men de grova dragen i planeringen är som följer:

- December – avtalskrivning, uppstartsömler och aktivering av Högskolan Dalarnas testmiljö
- Januari – Utbildning för IT-avdelningen och NGL-centrum
- Februari-mars – Utbildning för pilotlärare
- 27 mars-2 juni – Pilotkurser i Learn
- Mars-augusti – Utbildning för lärare som inte ingår i pilotkurserna
- HT17 – Alla nya kurser skapas i Learn

Vi kommer fortsätta att använda intranätet som en kanal för att informera och bjuda in till lärplattformrelaterade händelser.

Har ni frågor eller funderingar så är ni varmt välkomna att höra av er till NGL-centrum!
