How can I connect to the rooms?

You'll find all rooms at samtal.du.se. The easiest way is to type this address in your web browser (for example Internet Explorer) or click on the link in this document. Change the language on the flag up to the right to English.

Then click on the room that you want to enter, for example **Meeting 01**. The first room in the list, **HDa Café** is our support room, here you can ask questions and get help from our support team.
