PG3003	20091	Evaluation not active

The following page will then appear on your screen. Here you will see the course goals and what parts the evaluation consists of. In this case it consists of three parts; a part common for all students at the university and final question which is also common for all. The teacher has sometimes made a specific part for the course and if that's the case, that part will also appear here. In this case there is a such part, "Värdering PG II VAL". Click "**Start course evaluation**" when you want to fill in your answers.

Evaluation for course : PG2019

This course evaluation consists of the following forms:
